BACKGROUND

The Westgarth OSHC Program commenced in 1988 by the School Council to provide safe, enjoyable childcare. The program is a not-for-profit Commonwealth approved program which operates in accordance with The Education & Care Services National Regulations 2011. The National Childcare Accreditation Council determined in 2010 that the service is accredited and achieved High Quality in most areas. In 2017 the service meets the requirements for Full Licensing as a Children's Service under the 2011 Regulations.

PHILOSOPHY

WPS OSHC will aim to provide an atmosphere that is fun, friendly and safe. We will provide a calm, relaxed and flexible environment that includes a quiet area which is comfortable and a range of high quality equipment that is accessible to all children.

- An approved learning framework informs the development of a curriculum that enhances each child's learning and development. Educators and co-ordinators are focused, active and reflective in designing and delivering the program for each child.
- Each child's health needs are supported; healthy eating and physical activity are embedded in the program for children; each child is protected.
- The design and location of the premises is appropriate for the operation of a service; the environment is inclusive, promotes competence, independent exploration and learning through play. The service takes an active role in caring for its environment and contributes to a sustainable future.
- Staffing arrangements enhance children's learning and development and ensure their safety and wellbeing. Educators, co-ordinators and staff members are respectful and ethical.
- Respectful and equitable relationships are developed and maintained with each child. Each child is supported to build and maintain sensitive and responsive relationships with other children and adults.
- Respectful and supportive relationships with families are developed and maintained; families are supported in their parenting role and their values and beliefs about childrearing are respected. The service collaborates with other organisations and service providers to enhance children's learning and wellbeing.

MANAGEMENT

The program is provided and managed by the School Council with recommendations from a subcommittee. The subcommittee operates under the auspices of the School Council and is accountable to the School Council.

The OSHC subcommittee consists of the program coordinator, School Council representatives and interested parents/carers whose children attend the program. The subcommittee usually meets monthly to discuss issues related to the overall management of the program including development of policies, quality assurance, staffing, maintenance

and financial management. Recommendations are then taken to School Council. All parents/carers are welcome to attend sub-committee meetings and notification of OSHC sub committee meetings are advertised in the school newsletter.

Parents/carers who are experiencing financial difficulty

Special Childcare Benefit is available for families who are experiencing short-term financial hardship. The Family Assistance Office (FAO) guidelines require a signed statutory declaration form to support such applications.

Debt Recovery procedures

Please note that an internal debt recovery process will be implemented after payments are two weeks in arrears from the date that the payment was due. This will take the form of either phone calls or letters to parents/carers from the Principal or Assistant Principal asking them to pay by set dates. If payment is still outstanding after four weeks, the Coordinator will advise parents/carers that their childcare arrangements have been suspended and the debt may be passed to an external debt collection agency.

LATE PICK UP

The program closes at 6.00pm and the staff are only paid until that time.

Please arrive at the program to pick up your child/children **no later than 5.50pm** to ensure that you have enough time to collect your child/children and their belongings so that the staff can lock up and leave the building by 6.00pm.

If you are running late, please phone the program on 9482 3323 to let the staff know

A late fee will be charged to parents/carers who arrive after 6.00pm. This is to be a separate payment of \$1 per minute which will be added as a miscellaneous charge to your invoice. It is a requirement that two staff remain with a child whose parents/carers are late collecting them.

Late pick-ups are stressful for children and staff. If parents/carers are consistently late they will be asked to find alternative care for their children.

PROGRAM INFORMATION

Before Care - Given the early start of the program and different arrival times of the children, there is an emphasis on providing a comfortable and quiet atmosphere with optional breakfast and various activities. Brooke Street students are escorted to the Brooke Street site at 8.40am by OSHC staff where a teacher is on yard duty.

After Care - The children are collected at 3.30pm from Brooke St according to a booking sheet and a roll is taken before walking to Clarke Street (Clarke Street pupils assemble in the school gym) for afternoon tea. A wide variety of activities, including outdoor sports, arts and crafts, media, cooking, drama and free play are provided. Consideration is given to the different age groups and needs of the children on an individual and group level. The program keeps the school community informed of activities through the fortnightly newsletter and displays at The Farmhouse.

BEHAVIOUR MANAGEMENT

Children will be encouraged to behave considerately and have an understanding and appreciation of their own and other people's needs, rights and feelings. Westgarth OSHC acknowledges that children are unique individuals.

Helping children learn considerate behaviour

Staff will foster a supportive environment for problem solving, building self-esteem and developing considerate behaviour. They will:

- Model considerate, respectful behaviour
- Maintain clear, consistent and simple limits in a positive manner, phrasing them in a way that describes to the child 'what to do'. Avoid the negative of 'what not to do'

- Encourage constructive and co-operative behaviour and acknowledge appropriate behaviour frequently
- Ensure expectations are appropriate for the individual child
- Arrange the environment to encourage co-operative behaviours and reduce or eliminate opportunities for inappropriate behaviour
- Plan the program so that there is a mixture of choice and structure
- Anticipate and eliminate potential problems - supervise and monitor the environment and children in their activities
- Focus on the behaviour rather than on the child
- Actively supervise children at all times

When children are not behaving considerately

Sometimes children behave inconsiderately including when they are unwell, tired or upset. To prevent inconsiderate behaviour or when it is occurring, staff will:

- Help the child to understand the effect of his/her behaviour
- Listen to the child to try to understand the underlying cause of the behaviour. This will help to identify solutions
- Redirect the child from an activity that is causing frustration, distress or where s/he is interfering with the needs or rights of other children, to another activity, possibly with staff to support her/him
- Offer the child a choice about *whether* to do something only if there is a genuine choice and the child's decision can be actioned
- When an action is compulsory the child can be offered a choice about *how* to do it or how s/he *feels* about doing it. E.g. "Do you want me to put your hat on or do you want to do it yourself?"
- Consider that a child may have a reason for not doing as s/he is asked – try to understand the reason
- Let children experience suitable consequences for inappropriate behaviour e.g., a child tips out the Lego on purpose, s/he will have to pack it up.
- Work collaboratively with children's parents/carers to determine behaviour guidance strategies.

Consequences

Children's efforts and achievements will be encouraged and acknowledged. Children will not be punished in a way which includes any form of physical, verbal or emotional punishment, including punishment that humiliates shames, frightens or threatens a child.

If a child is acting in an inappropriate way, s/he may be brought to a quiet spot to discuss what the inappropriate behaviour was. The child negotiates when s/he is ready to re-join the group and to act in a considerate way.
