The summer sports program will commence in February and will include games such as softball, rounders, cricket and bat tennis. The Winter sports program will include games such as football, soccer, newcombe and netball. Now that your child is in Grade 5/6, it is possible that they will be selected in one of the school teams. It is more convenient for everyone involved if parents sign a one off sports permission and local excursions notice.

It is expected that your child will take part in these excursions but permission is required for your child to attend.

Please find below the permission form that parents are required to sign for local excursions and interschool sport. By signing this form you are giving permission for your child to participate in a local excursions, participate in an interschool sports team / sports clinic and travel by bus to reach the venue, for the duration of Grades 5-6.
