

Kitchen Garden News

Mary – kitchen.westgarth@gmail.com Yuki – garden.westgarth@gmail.com

Calling all Volunteers!

We will be welcoming volunteers to the garden classes this week from **Wednesday 6th March** and to kitchen classes next week from Wednesday 13th March. Everyone who put a form in should have received an introductory email by now from our Geddup communication system.

It isn't too late to volunteer. If you would like to or haven't heard from us, please send an email to one of the above addresses any time during the year.

There will be some changes during the 2 weeks of the swimming program. Volunteers will be notified by email if their session is affected.

Travis and Liam honed their knife skills to create this summer fruit platter.

Leo and Teo carefully selected three types of mint to create a refreshing summer mint tea.

Summer Garden Observations and Garden Tools Safety were the focus for garden sessions, the students loved harvesting corn, tomatoes, cucumbers, beans and learning more about herbs and edible weeds.
